The school year started with the first day of classes in July with the school undergoing modernization and the largest freshman class ever entering the school. The school population hit an all time high of 2324 students and will continue to grow for years to come. This didn't seem to bother the students or their spirit as classes and activities went on as scheduled and without a hitch. Liberty also experienced a change in leadership as Andy Parsons took over as principal and with the entering of two new administrators. Liberty survived the budget crises with no cuts and even being able to higher many new teachers as the school expands and grows. This is also the 75th year of the yearbook and the Annual Staff and Mr. Cornwell give you the Diamond Edition- enjoy.

The Spirit of Giving Back

When the holiday season came upon Ms. Capelli's students, they decided to put a little cheer into someone else's life. Right after the Thanksgiving holiday, Ms. Capelli's five classes decided to adopt a Salvation Army family for Christmas.

" Each day we would collect spare change to put into a fund so later on we would have money to buy gifts," said Capelli. In the end, the five classes were able to raise over three hundred dollars. Students worked at retail stores, volunteered to take the money, and buy gifts for the family using their employee discount; giving them the most "bang for their buck".

By the time Christmas had come around they had aquired a mountain of gifts; most were donations, not bought by the money they had raised. These donations included: a Christmas tree donated by Price Troche and his family, two boxes of food, toys and games, clothes essentials, gift certificates, and much more.

Liberty Students were not the only ones to participate, it soon became a community project. *Marie Calander's* also decided they wanted to lend a helping hand. They donated two full meals, having a value of over one hundred and fifty dollars. A local company, Arthur J. Gallagher, also helped Ms. Capelli's students and matched the money raised plus the value of all the donations up to one-thousand dollars donating it to the Salvation Army.

Brentwood the Past, Present and Future.

One of the fastest growing cities in California is Brentwood. What a start, only 75 years ago when Brentwood had a population of no more than 1,500 people compared to now where Brentwood is at 41,000. The annual growth rate 75 years ago was 1 to 2% annually compared to 12 to 15%currently. Brentwood is the choice for young families to move to with its small town atmosphere and pleasant downtown. Currently, the city enjoys its agricultural base and approximately 45% of the income is in this industry. While 75 years ago the city was 90% agricultural. The future does not look good for Brentwood's agricultural base. It is estimated that in 75 years there will be no more agriculture and the population will be at 80,000 people. The city plans to slow building down, but it is inevitable that Brentwood will lose its representation as the best corn-in-the-world status.

Challenges with Walk-Thru.

Parents and students wait in the long line for up to seven hours on the first day.

As the year started at Liberty it seemed it might be a little rough around the edges. The school was under going serious modernization and classrooms were not ready for students by the time it was walk-thru. The classes were mostly ready by the time classes began at 8:15 Monday morning. The cafiteria was not finished and walk-thru went on in the Performing Arts Center, PAC, and at first seemed the location would not have any issues, but on the first day of walk-thru the line grew and grew and grew. Parents and students waited for up to 7 hours to register their students for the current year. Even though the day was in the 100's and the line was long, most of the parents and students were pleasant and understood, and after the first day the rest of walk-thru went on without any situations or problems.

The year started off with a new principal but not new to the school and Andy Parsons a long time Vice Principal became Liberty's new Principal. Mr. Parsons was full of enthusiasm and energy for the upcoming year, but understood that change is hard. Modernization took a toll on students, staff and teachers, but in the end everyone was happy with the results. The students were greeted by 20 new teachers at Liberty as the district and school continues to grow at a remarkable 5% a year. The school also welcomed to new administrators as old members moved on to greater pastures.

Liberty has one great quality that when the times seem hard the school and staff pull together to guarantee the school's only purpose that we, Liberty, give the best education and sense of safety to our students at this school.

Leadership Promotes School Spirit

The Student Leadership class put their focus for this year on school unity, especially between teachers, administrators, and students. The Leadership class also concentrated on keeping up school morale and student involvment through activities such as dances, Liberty Idol, Mr. Liberty, Academy Awards, and the Talent Show. Liberty Idol and the Academy Awards were continued because of their success from their premieres last year. Students in Leadership take pride in supporting our local community through holding blood drives, holding a canned food drives, and a toy drives during the holidays.

The Year in Review

This past year has been a year filled with all types of events: tragic, unthinkable, unimaginable, and grand. 2003 / 2004 was, and is, being shaped by the media and the events of the world: The war in Iraq is still going on and Saddam Hussein has been caught in his spider hole. The tragic explosion of the Columbia as it re-entered the atmosphere, killing all seven crew members, and leaving a wake of debris across three states, brought sorrow to the country. The unthinkable murder of Laci Peterson and her unborn son, and the court drama with her accused husband Scott Peterson. An American idol, possible child molestor, Michael Jackson, filled the news with speculations and outrage. To the fantastic landing of the Spirit, Mars rover, sending back images on the surface of the Red Planet

Then in the actors world, California has its second actor Governor in Arnold Swartzenegger who ousted Gray Davis in the first recall vote in California. The only escape for most was found in this years record breaking year at the movies. Disney created two of the top producing movies in "Finding Nemo", and "Pirates of the Caribbean", starring Johnny Depp. One of this years hottest actors and teen heartthrobs was seen in three of the top movies of the year "Lord of the Rings, Two Towers", "Lord of the Rings, The Return of King", and "Pirates of the Carribean" was Orlando Blume. The past year has been trying and filled with media amd world events, but in all it was a good year at Liberty.

Liberty Dances

Liberty students love their dances. It is a time to relieve the stress of a busy week at school and provides a safe environment for the students to release a little energy. The dances throughout the year have various themes that are put on by the various clubs found on campus. Homecoming Dance is a big affair with students dressing for the occasion and celebrating the week of school spirit and rallies. The Christmas Dance allows students to share the season of giving and have a good time before the end of the semester finals, and the Valentine Day Dance allows love to prosper before all of the formal dances start in the Spring.

Rallies Build School Spirit

Juniors perform their annual skit.

Rallies are all about school spirit and promote school togetherness. They pull the entire student body as one and unify the school in week long activities ending with an afternoon rally. The rallies during the first semester were used to inspire school spirit for the football team who had an outstanding year and went to the championship game. The inspiration of the schools student body and send off to the big game no doubt helped them out at these games. The two big rallies are the Top Ten Rally where the students voted for the top ten seniors and announced the ten candidates for The Homecoming King and Queen and for the prestige of being the representatives for the school for the next year. The second rally determines the King and Queen from the top ten seniors at the Homecoming Rally. The homecoming king and queen will pass on the crown at the following years homecoming rally, and will wear their crowns with pride for the year. The final rally of the first semester was the Bell Game Rally, the big rivalry game with Freedom High who has had the Bell for many years. The students, staff, and teachers showed up with spirit and energy and sent our Varsity football team off amped and charged to get the job done; Return The Bell to Liberty. The Bell was returned with an overwhelming win and Liberty celebrated for a week and the Bell is rung at all of the great achievements attained during the year.

Homecoming is a chance to unite the school and community of Brentwood together. From the past to the present, homecoming has had a huge effect on the city of Brentwood. This event is a chance for families to come together. The whole week of Homecoming is a huge celebration for the school and the entire community. Homecoming is a chance to see friends enjoy themselves on their class float; it is also a chance just to let go and have a fun-filled, school-spirited week. Homecoming gives seniors a promising opportunity towards being nominated into The Top Ten and a hopeful election to the next step up - The King and Queen of Homecoming. The week before Homecoming brings a lively spirit for the students and community. This week includes dressing up to show their school spirit and pride of being a Liberty Lion. Homecoming awakes the students' sleeping bodies to a joyous embarkment of football games and parties. The Homecoming football game brings everybody with Liberty spirit together and is another festivity in itself; it also brings out your school spirit and is also a chance to show your pride in Liberty. To the students, Homecoming is a week of putting their class float together and late nights out in the student parking lot, trying to pick out who is going to be this year's winner of the float competition. In the end, the classes have a chance to be in the parade on their floats, seeing everybody they know and yelling at the top of their lungs, as they strive to take the victory of having the TOP CLASS FLOAT.

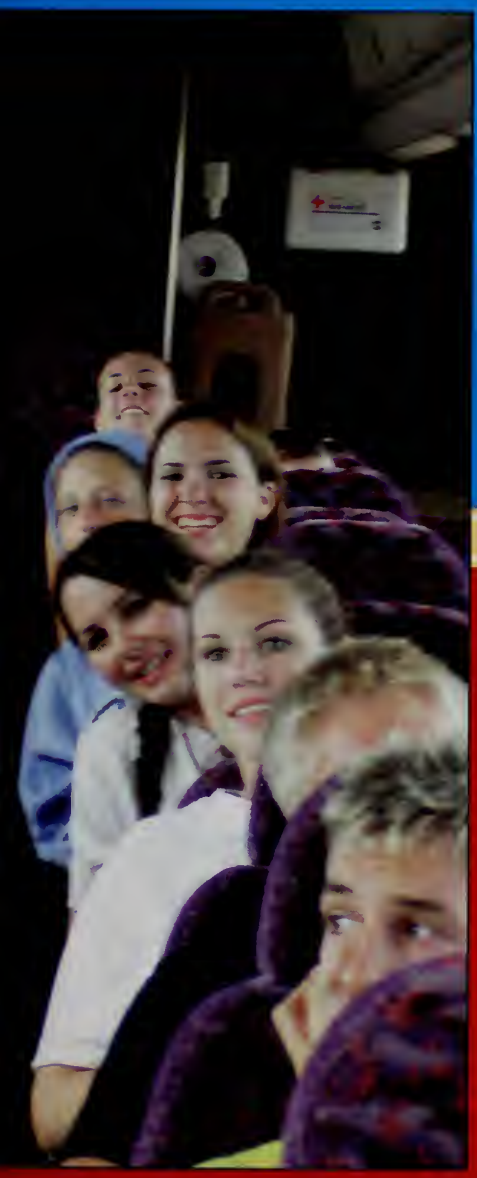
Tragedy strikes; Khang Nguyen breaks his leg performing a back flip.



Bright and early Monday morning, a group of the senior class met in front of Liberty with their Starbucks drinks in hand ready to depart for fun in the sun and ride the rapids. Today was the day the senior class was going on the great adventure of Manteca Waterslides. The bus brimmed with the energy of excited seniors who knew this would be one of the last times they would all be together. Arriving early in the morning, Manteca was over-flowing with enthusiastic groups of soon to be adults from schools all over the Bay Area. After being searched by security, they strode towards the reserved sections for seniors. Once they set their belongings down, they jetted off, shouting excitedly, toward the nearest slide with the shortest line. After many different activities, like a wild volley ball game against teachers, the Senior's day came to a close. Finally it was time to clean up and board the bus back home. Students were tired out and satisfied, knowing one of their last days together had been one to remember.

After placing pocket change donations in special boxes made by the contestants themselves, Jeff Tabke was crowned Mr. Liberty.

A Star is Born

Kelli Knight in Hollywood.

Kelli Knight had a life long dream of being a star. Kelli started the school year at Liberty, but during the year took a leap of faith and moved to Los Angelas in the pursuit of an acting career. Kelli has continued her classes at Liberty by coming home every Friday to turn in her work and to keep her connection to her class because she plans to graduate and walk with her class at graduation. During this time in Los Angelas she has auditioned for many parts in television shows. Currently attaining no roles, but attaining the necessary experience it takes to become an actress. She has auditioned for such shows as "American Dream", and "Miss Match" with Alicia Silverstone. Kelli currently has an agent and is auditioning for movies, commercials, and shows, and is hoping to get a job on the Disney Channel. The class of 2004 and the Annual Staff would like to wish the best of luck to Kelli in attaining her dream.

Ladies of Magic

Making a Dream Appear

Many of us love to be awed by the talents of magicians. As children we always wanted to know how they were able to do their seemingly impossible tricks. For Paige Grosenheider and Hallie Fowler, they weren't just awed by what they saw, they were inspired.

At the age of 6, Paige began performing magic, and several years later was joined by her assistant Hallie. The two are now 17 & 16 years old and have created a career out of their passion.

Each day the two practice together, on average, 1 hour a day, but have been known to go for 6-7 hours straight. All of their practice is put to work each weekend when the two, mainly Paige, puts on shows for almost any occasion. " On average we do 2 shows, but this past weekend I did 5," said Paige, " we would do a whole lot more, but we have to do other things like school work." Along with putting on shows each weekend the two also compete at the professional level. They have done the Las Vegas World Wide Competition, San Francisco Magic State Competition, and Stars for Tomorrow for young magicians. All of thesse major competitions brings the girls closer to their goal of becoming famous magicians and having their own magic show in Las Vegas.

"The most memorable thing so far would have to be winning in the San Francisco competition," said Paige and Hallie. This competition is California's biggest competition. It is so competitive that only 10 people from Northern California are allowed to go. "Winning was such a surprise, since we were the youngest and only female performers," said Paige. Not only have they won such elite competitions, but they have also met people we would only dream of. They spent one weekend with Jeff McBride and Ugene Burger to learn more magic tricks, and met Siefried & Roy. "But my true idol is Lance Burton, I want to be like him," said Paige.

So, plan a trip and see this magnificent duo in Las Vegas 18 years from now! If Paige has her way, you will. She wants to go to magic school in Southern California and hopefully get her own show in Las Vegas. Hallie would love to stay with Paige as long as she can, but also wants to pursue her own career as a marine biologist.

A Whole New World

Alicia Marquez journey from Mexico

In 1985, in the small town of Tlajomulco, Jalisco Mexico, Alicia Marquez was born the youngest daughter in a family of 11. Her father raised cattle and farmed, while Alicias' mother kept busy caring for the children and making cheese. Alicia's siblings attended school through the 6th grade, but the family farm needed workers, so they quit school and started work.

In 2000, Alicia's family migrated to the U.S. in search of a better life. Her oldest siblings stayed in Mexico to maintain the family farm.

When Alicia started at Liberty High School as a sophomore, she spoke no English. Although this made it difficult to succeed in school, Alicia was determined to learn English, complete the classes necessary to graduate from high school and eventually attend a university where she can pursue her career goals in teaching or nursing.

With the help of Mrs. Valdivia, Alicia began to realize her dreams. Her English skills improved and she took all her classes with the general population of students rather than bi-lingual students. This was not easy, but Alicia was determined. In addition to her schoolwork, Alicia began singing in the church choir and working at a local day care center. On campus she became editor of the Spanish yearbook and a part of Liberty's yearbook staff. At the end of her junior year, she had a 3.33 overall GPA and began the college application process.

Alicia has applied to many universities and is awaiting word on her acceptance. She will be the first member of her family to attend college. Alicia would like to thank Mrs. Valdivia for all her support and encouragement in helping her to develop her language skills and her dreams.

After she graduates from college and begins her career, Alicia hopes that she will be able to thank her family for giving her the opportunity to receive an education by buying them a house. While that goal may be ways off, there is no doubt that Alicia will be able to accomplish anything she sets out to do.

En 1985, en el pequeno pueblo de Tlajomulco, Jalisco Mexico, Alicia Marquez naci, siendo las mas pequea de su familia de once hermanos. Su pap criaba ganado y cosechaba la tierra, y su mam se ocupaba de hacer quesos y del hogar. Los varones de la familia cursaron la escuela hasta el sexto ano de primaria, porque necesitaban de su ayuda para trabajar la tierra y por lo tanto no pudieron continuar estudiando.

En el ano 2000, la familia de Alicia decidio emigrar a los Estados Unidos en busca de una vida major. Sus hermanos mayores se quedaron en Mexico para cuidar de las tierras.

Cuando Alicia empezo la escuela en Liberty High School, en el decimo grado, ella no hablaba ingles. Aunque esto hizo dificil que sobresaliera en la escuela, ella estaba determinada a aprender el idioma, completar las clases necesarias para graduarse de la preparatoria e ingresar a una Universidad en donde pudiera seguir su carrera como maestra o enfermera.

Con la ayuda de la Senora Valdivia, Alicia empezo ha realizar sus suenos. Su ingles progreso y tomo todas sus clases con estudiantes generales en vez de estudiantes bilingoes. Esto no fue facil, pero Alicia estaba segura en seguir adelante.

Ademas de sus estudios en la escuela, Alicia era parte del coro de la iglesia y trabajo en una guarderia local. En la escuela ella fue la editora del anuario en espaol y tambien parte del equipo del anuario de liberty high school. Al final del desimo-primer ano ella tenia un promedio de 3.33 y empezo a aplicar a varias universidades, y espera aun aviso de que ha sido aceptada, si esto sucede ella seria el primer miembro de su familia en ir a una Universidad.

Alicia le agradece a la Senora Valdivia por todo su apoyo y entusiasmo en ayudarle a desarrollar el idioma y seguir sus suenos. Depues de graduarse de la Universidad y terminar una carrera, Alicia quiere darles una casa a sus papas en agradecimiento por haberle brindado la oportunidad de recibir una educacin. Aunque esa meta este lejos, Alicia es capaz de realizar lo que se proponga.

Diamond in the Rough

Brea Bryant's one woman's journey

Acknowledging those Seniors who go beyond school to aspire to be great.

Brea Bryant is a senior, here at Liberty, and is determined to rise above and beyond, in not only school, but in life as well. Brea has had a rough ride getting to where she is now, and she wants to share her story with everybody. Brea grew up in West Oakland, California with her mom and sister who is twelve years older. Growing up in Oakland, Brea was exposed to drugs, gangs, crime, and prostitution, but Brea kept far away from those areas, because she was determined to succeed in life. Brea's sister moved out when Brea was three and then Brea and her mom moved to North Oakland, where her mom worked retail and Brea attended Golden Gate Elementary school. Brea began dance lessons at a studio down the street from her school, when she was three, and quickly attained a passion for it. At age three Brea also grew the ambition to be a pediatrician. By the time Brea was six she was taking modern dance, hip hop, African culture, and jazz. Brea remembers everyday after school patiently waiting for the bell to ring at school, and running down the street to get to the studio, as referred to her "place of escape." Her dance class led her to a modeling contract with Sears. Brea was then the poster girl for KCBS radio station, a "children's foundation promo," as Brea put it. Brea mostly felt modeling was not her thing and dancing was. At age nine Brea was in the advanced dance class, and helping her dance teachers choreograph dances for other classes. Brea then began taking martial arts, and decided she wanted to stay with dance. Although Brea loved dance she quit taking lessons at age twelve because she lost the itch for it. In school Brea referrers to herself, "I was a geek, I was a nerd," Brea also states, "I was always a very studious child." Brea received strait A's all through middle school, and was valedictorian of her fifth and eighth grade class. When Brea was in the eighth grade her mom lost her job, and they were evicted from their home, and began moving from city to city. Mid eighth grade year Brea moved back to Oakland, into a broken down hotel under construction, being rented out as "cubicle sized," apartments. "We used public bathrooms," says Brea. Brea lived there until freshmen year. In Encinal High School Brea says she, "Always felt distant, form everybody else." "I was ashamed of where I lived, and I had no boyfriends, only friends."

Brea then moved here to Brentwood, California, but was still attending Encinal High school, because Encinal had a policy that you must finish the semester before leaving, so every day for six months Brea commuted to Oakland, by bus and BART "I was happy to finally transfer here to Liberty," . Brea also says, "I made the best of my education by going the distance." Brea also did not like the way the African culture was materialized, and wanted to prove to herself she was better, and could rise above the stereotype and where she came from. Sophomore year Brea made straight A's, and took a college class at L.M.C. Her junior year she took A.P. calculus, A.P. English, and was in the health career academy, and set her goal of becoming a pediatrician. She now interns in the transitional building here at Liberty and also at the Brentwood health center ten hours per week. At the Brentwood Health Center Brea pulls charts, sets up for medical procedures, takes temperatures, and uses her Spanish skills. Brea works at the Brentwood library as well. Brea also works hard as a chair person on the Brentwood Youth Commision, and helps local teen find jobs through job placement programs. Brea quotes on this year as being, "Difficult and tedious, trying to balance applying for scholarships, applying to college, school, work, interning, and homework." Brea has applied to eleven different Universities, some of which are, New York University, Boston University, North Eastern University, Yale, and Xavier University, which is the historical African American college, known for putting the most African Americans in the medical field. Brea wants to give a special thanks to her mother because she had determination and worked hard throughout life, she is the only one who shows these qualities to Brea. Brea also wants to thank her mom for guiding her, pushing her to succeed, and never giving up on her.

Olympic Hopeful

John Dwelley Swims for his dreams

Every year, a Liberty sports team has to say goodbye to their seniors at the end of their season, and loose a significant piece of talent from the team. This year, Liberty's swim team isn't going to loose just a talent, but they're going to say boodbye to a legend.

John Dwelley has always been his teams MVP. Now he is taking this title to the extreme. John is gearing up in January to compete in Australia and swim against the best of the best to test his skills for Nationals in February, and the ultimate goal the Olympic Trials in July to have the honor to compete and represent the United States Olympic Swim Team this summer in Athens, Greece.

John qualified for Nationals when he placed second at North Coast last year in the 200 meter freestyle, and 100 meter Fly.

John has been swimming for twelve years, and started out swimming with Knightsen Aquaknights. He then joined the Terrapin's swim team, and has been representing Liberty's Water Lions since his freshman year. John practices year round and keeps up a rigorous practice schedule with the Terrapin swim team.

John feels and proudly admits he is "Lucky to have accomplished these things". He hopes that he will be a successful swimmer in college competeing in the NCAA's and hopefully the greatest goal of all to win Olympic Gold.

Motorcross Champion

Nick Davis fears nothing

Nick Davis was influenced by his father to start riding motorcross when he was just four years old. After two years, Davis began his racing career. Practicing four to five times per week helps prepare Davis for any challenges in upcoming races. Nick has been in a few accidents before and has broken a total of 10 bones.

Nick felt like giving up motocross racing, "I thought about giving up when I broke my femur back to back. So yeah, I was off for about a year." Davis' most memorable experience so far has been winning his first professional race.

Rios Perserveres with Break Dancing

Jose Rios is a great student. He was born in Tarandacuao Guanajuato, Mexico. He is a junior here at Liberty and this is his second year as a student. Jose has accomplished a couple of his goals such as learning English and getting student of the month three times. Jose is a wonderful break dancer and when he arrived, he gathered a group of break dancers. The group of break dancers then Jose put together practice everyday and sometimes dances in Mrs Valdivia's room. He is very smart and very good at math. Jose has a lot of perseverance and he tries very hard to achieve all of his goals. One of his goals is to have a great career as a professional.

Steven Hardee Beats Out the Competition

People's number one fear is most often answered with public speaking. Yet one of Liberty's own has excelled in doing the one thing people fear most. Steven Hardee is what one might call a skilled orator. Ever since his freshman, and still presently in his Junior year, he has been participating in speech competition after speech competition. He has won the Lion's Club speech competition twice at the local level and has reached his most spectacular achievement this year. After entering into the Veterans of a Foreign War, Voice of Democracy speech competition, Steven won big. He championed through the local level, winning three hundred dollars, continued through the district zone winning two hundred dollars, and finally at the state level, winning one thousand dollars, bringing his winnings to a grand total of one thousand five hundred dollars. In this competition, Steven's speech placed him as a finalist, that is, in the top five speeches in all of California. It is not suprising that this Junior is also President of the Speech and Debate Club. We can expect that Steven will continue to triumph with his superb speaking abilities.

When Mariela Perez makes her horse dance,

You can find Mariela Perez in many different places - on campus during a leadership activity, at her family's Perez Nursery, but usually you can find her at her ranch doing what she loves best - riding her horse.

Mariela has been around horses her whole life but it wasn't until she was 15 when she got into the intense and beautiful Mexican sport of Escaramuza Charra. Espuelas del None (Spurs of the North) is the name of her team.They are also associated with a Charro team Hacienda las Palmas (the name of Mariela's ranch), which also competes and is number 1 in Northern California. The other girls train, ride, and compete together in many different tournaments throughout California.

If it's not their intricate horse routines that catches your attention, it's their bright and decorative outfits that will.

Mariela sets the scene at one of these tournaments... "Before we are announced to enter the arena, we say a prayer and wish extra luck to our two sliders (Mariela and another girl), who go in the beginning when announced. Then we do a cheer and get ready to go. Anticipation begins when I hear my name being announced and I start to run my horse at full gallop down towards the arena. At the last minute, I pull back and the horse slides up to 20ft, which creates an uproar in the crowd. The rest of the girls come out after being announced. After the captain cues the team, they start their routine to a traditional song that plays. Precision movements at perfect timing are everything." After their routines, each team is scored by the judges who follow a strict rule book.

Mariela and her team work closely together and really strive to succeed and have a safe year. Their main goal is to be able to go to Mexico and perform at the Nacional. They work really hard and their team motto is "Victory goes to those who believe it the most."

Elizabeth Continues Tradition

Elizabeth Cruz is a college bound student here at Liberty High School, but while her time away from school may be relaxing, Elizabeth also teaches Ballet Folkloric "Jaraque", which means "Valley of Flowers", for Brentwood's own P.A.L. academy. Not only does she teach this style of dance, Elizabeth also goes beyond her call of duty by taking the kids to and from dance, setting up performances, and promoting for the children.

One of Elizabeth's many motivations is to keep this type of dance alive as her love for her culture grows. She quotes, "I wanted to work with the kids, and what a better way to pass this down to them." Elizabeth has worked for P.A.L. for ten months now. The most rewarding part of this whole opportunity is "touching them and inspiring them to do something positive with their time." Elizabeth also says, "I would rather them express themselves through the art of dance then out on the streets getting into trouble."

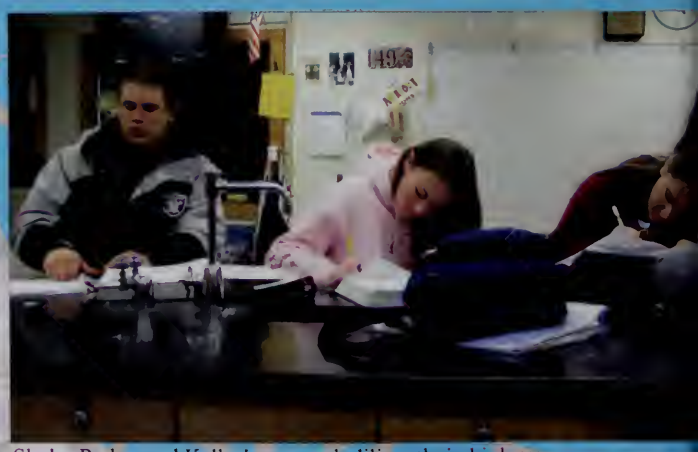
Sophomore class officers: Jordan Baca, Alicia Fonseca, Holly Dutra, and Lauren Groseclose.



Skyler Parker and Kelly Jones work diligently in biology.

Brajan immigrates from Peru to better his education.

Brajan emigra de Peru en busca de un mejor educacion.

Brajan Montesinos is a sophomore this year at Liberty. He moved here form Peru during his freshman year. It was hard at the beginning for him, and although he is still developing his English skills, the language was no barrier for him. He maintains very good grades while playing for boy's volleyball at the same time. Brajan also has an artistic side; as a hobby, he enjoys ceramics and he likes to draw. Brajan works hard everyday, for he plans to achieve his goal of becoming a doctor in the future.

Brajan Montesinos es un shopormore en Liberty. El emigro de Peru el ano pasado. Al principio fue dificil para el, pero aunque todavia esta aprendidendo el idioma este no es obstaculo. El mantiene muy buenas calificaciones ademas de que juega para el equipo de volleyball de varones. Brajan tambien tiene un lado artistico, pues le gusta las ceramicas y disfruta del dibujo. Brajan trabaja duro cada dia para algun dia en el futuro realizarse como doctor.

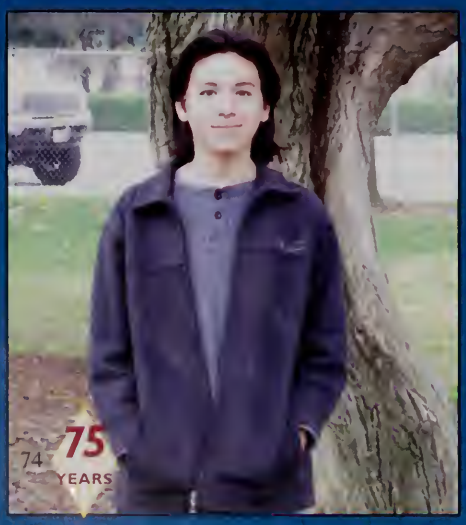
World Traveler, Jakhan Nguyen, uses his wordly knowledge to exceed at Liberty.



Most of us can boast of traveling outside of California. Some of us can boast of venturing outside of the US. But only Jakhan Nguyen can boast of traveling to 5 continents, excluding only Australia and Antarctica.

Jakhan has seen the world, journeying to nearly 20 nations. He's visited the monuments of Egypt and Greece, hiked through the Amazon, and dined with Saharan nomads. He has gone to places we can only dream of seeing. This sophomore is a true cosmopolitan, a world traveler, the ultimate cultural gem.

Jakhan has been globetrotting ever since he can remember. Every summer, it's a new destination and a new culture to visit for Jakhan and his family. Out of all this traveling, Jakhan has gained an open mind and can truly see things from a global perspective. He has been introduced to new cultures, societies, art, music, and languages. Amidst those of us whose collective cultural experiences are great, his are even greater. Liberty can boast of having a true resident world traveler, Jakhan Nguyen.

Lindsay Hofius suddenly turns around and gives us a smile.

The camera sparks enthusiasm in Stephanie Pospisil, Amber Morgan, and Ashley Florence.

Freshman 2007

BONEBARGER GYMNASIUM

Kate Dwelley aspires to be a Gold Medalist in the Olympics

In the year, 2003, Liberty was graced with the entrance of an incredible athlete. Kate Dwelley, freshman, is beginning her swimming career before she can even learn to drive a car! If you don't know much about her, you'll be amazed to find out that Kate's time in the 400 IM (a 4:56), has qualified her to compete for a spot on the Olympic swim team.

Last December 2002, Kate competed at the U.S. Open. She is now eligible to participate in the Olympic trails, which are in July of 2004, where she will strive to further her swimming talents. "I fell lucky to have the chance to do this." quotes Kate.

Kate has been a swimmer for 12 years. She began swimming for the Knightson Aquaknights swim team. She is now a part of the Terripans swim teamfamily. A more vigarous swim team, Kate swims year round with this team. She goes to three morning practices a week, including Saturdays, and five night practices a week.

Lucky for Liberty's swim team, Kate will definitely swim for our school..

When I asked Kate what her future goals are for swimming, she responded, "I hope to make the Olympic team by this year."

Enjoying the opportunities in the U.S. Marcela Martinez excells at Liberty.

Marcela Martinez is another diverse student here at Liberty. This year she is a freshman. She is originally from Concepcion de Buenos Aires in Jalisco, Mexico. She moved here 5 years ago, and quickly learned the language. Ever since she arrived, she's liked the school,been able to maintain high grades, and worked hard to keep her grades consistant. Although she is a freshman, Marcela is determined to work hard through high school and go to college.

Lord make me an instrument of Thy peace.
Where there is hatred, let me sow love.
Where there is injury, pardon.
Where there is doubt, faith.
Where there is despair, hope.
Where there is darkness, light.
Where there is sadness, joy.

O Divine Master; grant that I may not so much seek to be consoled as to console; to be understood
as to understand; to be loved as to love; for it is in giving that we receive, and it is in pardoning that we are pardoned, and it is in dying that we are born to eternal life.

Love One Another

Love one another, but make not a bond for love
Let it rather be a moving sea between the shores of our souls.
Fill each other's cup , but drink not fromthe one cup.
Give one another of your bread but eat not from the same loaf.
Sing and dance together and be joyous, but let each one of you be alone

From There to Here

Latin American Countries

Imagine being torn away from family and friends at the young age of three. This was the case for Cynthia Macias when her parents were offered better job opportunities and decided to move from the United States to Guadalajara, Jalisco in Mexico. At the end of 2001, her parents, once again, decided to move back to the United States. Cynthia was an eighth grader in Victorville, California. Her father had a brother living in Brentwood, the reason they moved here in the spring of 2002. Overall, what she misses the most from Mexico is her relatives and the hardest part has been the "starting over" on all three occasions. By "keeping a positive mind," as Cynthia says, "I was able to deal with all the change." Now a Sophmore at Liberty High School, Cynthia has been involved in volleyball and swimming. She is also an Honor Roll student. Cynthia plans to attend college but she is currently keeping her options open to a variety of career paths; some that catch her eye are Marine biology, Sociology, or Medicine.

Yeison Perez

Appearances can be deceiving and so is the case with Yeison Perez. At first glance he may seem shy and timid but to the contrary he is a very outgoing and energetic guy. Although Yeison has a "typical" Mexican last name he is actually from Guatemala. He came to the United States two years ago and remembers how difficult school was at first. Yeison says he misses everything from his native land especially the girls. Now a Sophmore at Liberty High School, what he enjoys the most is playing on the liberty soccer team. While his future goals are to go to college, he would also like to someday play professional soccer. In college he plans to study architecture, his inspiration comes from his father who is a carpenter.

Edwin M Barrera

Someone you should know as a friend and not a foe is Edwin M Barrera. He comes from Belize where he has practiced professional boxing. He moved to the United States about eight months ago, and what he misses the most is his friends and grandparents. Presently he is in the Liberty High School soccer team. "The practices," he says, "are so time consuming that I had to temporarly leave boxing." But do not be fooled, he still carries a mean punch. Edwin's goals are to go to college and he is interested in becoming an accountent.

Latinos Unidos Remember the Dead..

The mission of Latinos Unidos is to educate students on the cultures of the many countries that make up Latin America. Several members took advantage of the exhibitions displayed at The Oakland Museum, to learn about the many traditions revolving around the Day of the Dead. The days of this celebration are November 1 and 2, and are times when Mexicans remember loved ones that have passed away. The original celebration can be traced to the festivities of the Aztecs, who believed the dead should be remembered by celebrating their life, as opposed to lamenting their death. Inhabitants of Mexico who choose to follow this tradition, visit grave sites of the dead and build them alters that honor their lives.

Liberty Saving Lives with Blood

For the past several years Liberty High School has held an annual blood drive with the help of the American Red Cross. With the hard work of Danielle Mentzer and other leadership students, the opportunity for Liberty students to give back to their community has been possible. The process was quite simple. Any student seventeen years or older was eligible to donate blood. Sign-ups were held in the quad during lunch and each person was given a specific time to report to the PAC where their blood was taken. Once they arrived at the PAC, it was mandatory for all students to fill out paperwork concerning their medical history as well as other important information. Once the paperwork was completed each donor proceeded to one of the six stations monitered by one of the many certified Red Cross volunteers. When their blood giving time was up each student was given a Volunteer Blood Donor Card with their name and blood type on it. After replenishing their bodies with apple juice and cookies, students were sent back to class feeling even better than before, knowing they had made a valuable contribution to their community.

Music plays an integral role in all of our lives. It allows us to express ourselves in ways not possible through any other medium. There is never a day where we do not have music, in some shape or form, in our lives. Liberty Band students recognize this fact They devote much of their time to perfecting this great art. They work at perfecting their playing, at playing as a group, at coordinating their steps as they march, and at learning the concepts of musical theory

We see our band supporting our school in many ways. We see them at rallies, at various sporting events, and we see them representing our school at Disneyland when they travel there to march in the Main Street Parade in November. A reality in which there is no music is incomprehensible. The students involved in making music will continue to, will always, make sure Music is a part of our school.

Art Abounds at Liberty.

Students show their talents.

It is remarkable that one school has so many great art programs. Liberty is a rare school that promotes the arts from Drama, Band, Choir, to the Visual Arts. Liberty has not been affected as other school districts throughout California. The school district has strived to maintain and allow the art programs to grow in the district. The choir is the best in the state, the drama puts on some of the best plays any high school has seen, and the visual arts has many acknowledgements in Contra Costa County. Many students have been accepted to prestigious schools to study one of the many career choices in the arts such as UCLA, CCAC, SF Acad. Arts. The art classes allow students to be creative and put their ideas in their head onto paper or into a sculpture either in ceramics or other media.

Choir: "A Liberty Tradition."

Mrs. Stuart's chiors are known for their quality and prestige. As usual, Mrs Stuart's choirs are filled to capacity in all six choral groups: Mens Chorus, Womans Chorus, Womans Ensemble, Chamber Singers, J.A.G., and DIVAS. Last year Liberty was honored by being invited to Washington D.C. to perform at the nation's capital, and again the choirs were asked to perform at a prestiges event. This year the choir was asked to perform with the Berkeley Symphony and participate in , "Celebrating the American Choral Tradition". Only five high schools are asked to perform at this event and the critics gave the greatest reviews to Liberty.

Practise makes perfect and Liberty's choir is as close to perfection as they come.

Behind the Pages: The True Story of the Liberty Yearbook

This is what yearbook does to the innocent.

If the Liberty Yearbook Staff could be described as anything, it would be as a group of hard working members who toil away for hours to bring this recollection of the school year to students. Members must learn a multitude of skills to participate in this great experience: how to take photos, how to create pages, and how to write creatively. If this wasn't enough, this year was the first year of which the Yearbook was under a new advisor, Mr. Cornwell. Members had to adapt to many changes and did so quickly and well. This year was a new experience to all and a time of variability, flexibility, and most importantly, creativity. Looking through the pages of this book takes only a small amount of time. This does no justice to the time devoted to making sure everything was done on time and to the standard of perfection. As Steven Hardee put it "Yearbook is not just an after school activity, it's life." The time members put in to this project is rewarded by the smiles, admiration, and joy students experience when they open their yearbook. The Liberty Yearbook has metamorphored, with a new advisor, new style, and new perspective. It can be guaranteed that the next year, and the years after will see many new and exciting developments.

Editors: Whitney Pearson and Tiffany Melo work on the budget.

Academic Decathalon

Most people fear the words "Academic Decathlon" and immediately turn away, thinking it is solely for "the smart ones." On the contrary, Academic Decathalon is an opportunity for everyone to discover their latent abilities in the academic field. But what is Academic Decathalon aside from all the preconceptions? The United States Academic Decathalon is a unique program in which students from high school campus compete as both individuals and as a team in a series of performance tests and demonstrations of personal ability. Math, Language & Literature, Art, Economics, Science, Social Science, and Music are all covered in a nine-or-ten-day test leading up to the competition in February. The students work hard to perform outstanding. Liberty amongst the teams other competing schools in Contra Costa County.

Promotes Academics

CSF is a club which is made of students who have a 3.0 or higher GPA and aspire to continue their education post high school. These students are highly motivated taking their education seriously, and as a club promote this ideal. This club puts togethor a variety of activities and community events to help the CSF members build their transcripts for college acceptance. The students are required to participate in at least one community service project per semester to help them build their community skills. The focus of CSF is to address the questions and concerns of students regarding colleges, college admittance, and campus life. The club takes numerous field trips to local college campuses for the students to see and experience the different campuses and help them to decide what they are looking for in a college they may wish to attend.

Liberty Students packed with Talent.

Songsters sing at the International Fair..

All one has to do is listen as they walk through the campus of Liberty and the melodic sounds of what could be song birds can be heard, or is it the wonderful melodies of the students at Liberty singing. Liberty is enchanted with very talented students who are skilled in the art of singing. Who has ever heard of a school with as strong of a choir program as Liberty; few and far between have. Most schools may have one choir class and to have a male choir member is almost unheard of, but not Liberty we have five choir classes and the states best choirs. The school even has a mens chorus made up of more than three members- outstanding. Even those students who do not participate in the choir classes still enjoy singing and music by forming bands and performing at lunch to an appreciative crowd of their peers. The beauty of Liberty is the students appreciate talent and applaud those who can perform and do not fall victom to typical stereotypes associated with someone being a performer. Many Liberty graduates have made the art a career because of the love and appreciation they have for the art form and the dedication Mrs. Stuart gives to all of her vocal students. Liberty allows students many opportunities to demonstrate their skills throughout the year. Choirs concerts during the seasons and holidays, Battle of the Bands, Liberty Idol- taken after American Idol, Talent Shows, and numerous events off campus. For example, this year the choir performed with the Berkeley Harmonic Orchestra in February.

We see them in their jersey's on game days. We may not know why but these students are represeting Liberty through football. Football by some is considered, brutal but many of us missed the finer points. These are the many plays that involve so much strategy we all take for granted and the briliant excecution by the players.

This year our football players went above and beyond in their effort, having the best season in years. They played their hardest and even with a few unexpected losses never let it get them down. They played every game as if it was their first.

Even though these players may only be on the Liberty JV Football team, after this year they have grown into skillful players who will hopefully play on the Varsity team next year., and will take Liberty football to many new levels.

Varsity Football

Wow! What a season! The Liberty Lions Varsity Team had an awesome year. They had seven wins and four loses this season. The team was also invited to NCS, a big accomplishment. They lost the first NCS game unfortunately to Foothill High school. J.J. Brannan was named MVP for all of his hard work during the season. He had ten touchdowns during the season. Preston English was named MVP Back, and he had five touchdowns all season. Andy Perez was named most inspirational player for the season for his positive attitude. A highlight of the season was defeating our rival high school, Freedom, winning the highly desired bell back. Coach Stantz agrees, this was the best season the Liberty Lions Varsity Football Team has had since the 80's. He was very proud of all the hard work the men put forth this season.

Varsity is for Victory

The Varsity Girls Water Polo team marked a first in their record book. The team earned their first tournament trophy in the two-day Newark Memorial Tournament. They took third place.

Liberty battled it out in the water against teams from all over the Bay Area like, Livermore, Antioch and Fremont. Their best game was against Fremont, where Coach Chris Rose said that they were in control throughout the entire game. With a final score of 17-8, their domination was obvious. What a way to start off their season!

The rest of their season ended on a good note. Their league record was 1-5 and overall, 8-11.

Splashes Way To Top

JV Girls Water Polo came in third place in BVAL. Their overall record was 10-9. Most of these girls had no previous water polo experience, but that wasn't obvious or a detriment to the season.

The team was led by team captains: Lauren Foehr, Trista Townsend and Sherron Smith who were returning players. The MVP of the season was goalie, Megan Corro and the Coach's Award was presented to Megan Maggorie. Coach Chris Rose had a lot to be proud of and has high hopes for this team and said, "They are a good foundation for a Varsity team."

New Team Scores Big

With only two returning Varsity Boys this season, (Derek Laza and Taylor Bailey), the Varsity Boy's Water Polo team was still able to step it up this year. These aquatic lions came out with some impressive numbers. Their league record was 1-5 and their overall record was 4-20. This year's player with the most scored goals was Taylor Bailey, with 87 goals. Donny Cook, goalie, was able to save 184 ball from being turned into goals this season. Derek Laza was guilty of 61 steals and Michael Imobersteg had a grand total of 23 kick-outs.

"I THINK WE SURPRISED A LOT OF PEOPLE, THE GIRLS DESERVED IT."

This was the season of dreams for the ladies Varsity Volleyball team. No one ever expected how this year's season would end, but yet who's complaining, only the other teams, Liberty came out this season as the NCS Champions with surprising wins over Castro Valley and Deer Valley. Their season record was an impressive 21-14, and to top of the season two members of the team were highly acknowledged in the field of sports in Contra Costa County. MVP, Lauren LaFlamme was honored as one of the Prep Athletes for fall sports of 2003 in Volleyball. She had an impressive year with 267 kills, 449 digs, 65 blocks, and 70 aces, leading he team to its impressive win to take the NCS championships. Mrs. Ghilarducci received one of the top honors as Coach of the Year for her season with the team. She is the second coach from Liberty to ever attain this award and she is the first female coach to ever be awarded this honor, Congratulations from the yearbook staff.

JV Volley Ball

The JV Volley Ball team had a very exciting year. They were able to watch their older peers on Varsity achieve their goal of reaching NCS. Each player on the team really enjoys the technical game of volley ball. Some enjoy the game so much they play in club volley ball during the off season of Liberty volley ball.

Through many hours of endless practice, the girls on JV team inspires to be better than the week before. The members of the team help eacother by working on fixing each others weaknesses. With hard work and dedication we are looking forward to seeing many of these players on Varsity next year winning us another NCS title, said Coach Patrick.

This year girls golf started out very strong. All of the girls returning from last years team and the improvement could be seen in their scores when compared to last year. This year the sport saw many new members as the popularity of womans golf keeps growing.

For the first time Liberty received an invitation to the San Leandro Invitational, and the team finished in an impressive fifth place.

The year proved challeging as the ladies lost both matches to Carondelet and split the matches between Deer Valley, finishing second in BVAL.

Two members of the team showed consistant performances in a pair of post season tournaments, the BVAL Championships at Paradise Valley and at North Coast Section Championships at LasPositas. Nicole Grosenheider and Tracie Glaros did a great job representing the Lions.

With many returning players, the team had five seniors- Mallory Lass, Kayla Gallagher, Katie Christ, Samantha Figlia, and Shawna Jensen.- all playing Varsity.

The fun season began with two preseason tournaments to Clovis / Fresno and Freedom. As the rest of the season went on, the match against Freedon proved to be the most rewarding.. The team took home the Liberty / Freedom "Bell" plague, and " As stated by Coach Hall, " I am very proud and honored to work with such great girls. Thanks for the great season!!!!"

"The girls have done a spectacular job," Freshman Girl's Basketball Coach, Nicole Norris, summarized. Despite the fact that there's always room for some aspect of improvement, both the Freshman and JV Girls Basketball teams have done an excellent job at bringing home victories for Liberty. "We encountered many glorius moments," Elyssa Cross, a devoted member of Liberty's JV team said. However, winning is not the most important element for Liberty' future athletic stars, but rather the personal satisfaction from doing their best.

JV Boys Basketball

The Liberty JV Boys Basketball team had an outstanding season. Liberty slaughtered our rival school, Freedom, twice. We defeated Pittsburg once this season. This was a great accomplishment, because we haven't been able to beat them in a while.The boys put forth a lot of hard work this season, at practice and during games. They work together as a team very well, and have therefore been victorious this season.

Frosh Boys Basketball

Led by first time Coach Al Brondolo, the Freshman Boys Basketball team had another successful season. After a rough preseason, the team regrouped and came out playing strong. They were the only Liberty Basketball team to win against rival Ygnacio Valley with a score of45-42. DJ Oljenik, Brett Pullen, and Dane Russick proved to be valuable players during the season. "Once they hit league play they really took off as a team and have been getting continually better with every game," said Coach Brondolo. Hard work, enthusiuasm, and working together as a team have really proved successful, with an overall 7-4 record placing Liberty in the Bay Valley Athletic League.

This year's Varsity soccer team was large; there were 21 players on the team! The team was made up of girls from the Senior class to the Freshman class. This year the Varsity team had nine of it's strong players graduating.

This season was a great success overall for the Varsity team. They came an inch away from making it to NCS. Part of their success was the long pratices and beating Deer Valley High School twice. Hopefully next year we will see them make it all the way to NCS.

Those Who Run

Cross Country is the sport for those who love to run. Starting early in the school year, students dedicate themselves to this strenous sport for most of the first semester. Almost everyday after school is spent conditioning for their various meets. Many of us have seen one or two of these illustrious runners as they trek across Brentwood, pushing themselves to the limit to build their stamina. Although this year did not yield many victories at their meets, this year's Cross Country team did triumph at one meet. A few individuals on the Cross Country team did manage to move onto the first round of NCS, where they did their best and achieved good results such as placing 30 out of 200, but alas, this did not equate to a movement to the next round. Even when faced with results that are somewhat less than appealing, Cross Country members are not discouraged. As Jon Foster put it, "At least there is room for improvement." The individuals of the Cross Country team run not for victory, but for the pleasure that it brings. Jon Foster was also this season's MVP. The runners on the Liberty Cross Country team run for excersise, fun, and to be active participating members of our school. Whatever the reason, the Liberty Cross Country team runs for success and personal achievement.

Calling All Cheerleaders

This year the Rally Squad Varsity Cheerleaders accomplished what no other Varsity Cheerleading Team at this school has accomplished: they placed first at every cheerleading competition in which they entered: Great America USA Regional Competition, Sacramento State University UCA Regional Competition, Tracy Merrill West High School USA Regional Competition, Antioch Deer Valley High School USA Regional Competition.

They also had another first, well not necessarily a first, but not since the 1950's has Liberty High School had a male cheerleader. Chris Mullen joined the Varsity squad after a tough tryout and then wowed the UCA instructors at Summer Camp and was even invited to be a UCA instructor himself for the summer of 2004.

At Summer Camp, all teams, the Freshman, JV, and Varsity, each won Camp Champs for their respective levels and they represented Liberty High School with extreme pride and were the envy of all the teams who attended.

The Varsity Team will be competing in the USA Nationals at Disneyland in Anaheim March 2004 and are hopeful about making it into the finals which would possibly give them a shot at being on TV. Good luck Varsity!

Within the Rally Squad, the past year had its many ups and downs but the persistent hard work and dedication of each member created a memorable and upliftng year in which all of Liberty can take much pride in.

Top row: Mallorie Temby, Kelsey Serna, Head Coach - Koren Summers, Asst. Coach - Maria Giacomelli, Courtney Kendall, Grace Dewberry. Third row: April Rios- Captain, Kaytlan Gillespie, Whitney Fraga, Chriss Mullen, Mindy Kabrich- Captain, Amanda Voecks, Kelsey Hammerel. Second row: Nicole Forde, Captain Sami Sonneborn, Hayley Huchton, Louise Bottini, Shawn Beaver. Bottom row: Lisa Freitas, Captain - Jennifer Canelas, Catrina Lerma, Jacqui Way.

This year the Rally Squad Varsity cheerleaders along with the Junior Varsity and Freshman teams transcended above many obstacles and rose to be the pride of Liberty. The extreme amount of hard work and dedication that each participant put into their craft went far beyond the normal asking.

The Varsity team had to deal with: first, Senior Sami Sonneborn tearing a knee ligament in the first football game halftime which put her out of the first three competitions, second, the loss of four team members for various reasons, third, Sophomore Kelsey Hammerel fracturing her wrist, and fourth, with much dignity, the squad dealt with a devastating health issue within one of our families. All this and they still placed first at all their competitions and I also know they are going to wipe out most of their competition at Nationals.

The general attitude of the Varsity team was always one of humility and meekness which therefore made all of their successes that much more enjoyable for the advisors and coaches.

Varsity, I wish you all the luck at Nationals, you are AWESOME!! - and to all the teams, after witnessing all your hard work and dedication, you not only are a shining light in my heart I know that you all will also be future shining lights in this community.

Best of Luck,

Mrs. Beaver

JV/ Frosh Rally Squad

School Spirt is something we often overlook. We take it for granted and the people who create it. A sporting event or ralley without School Spirit would be dull and unfullfilling but luckily we have groups of commited individuals who are there to stir up spirit. These groups, the Frosh and JV rally squads, are always there to cheer on our sports teams and stimulate school spirit at rallies.

Our ralley squads do not just foster and carry school spirit at Liberty, but also take it on the road as they visitand compete in many competitions. The Frosh and JV Ralley Squads did exceptionally well at these compititions. They did this even after some of their members were afflicted with injuries or family crisis'. The members of these teams will be excellent additions in the upcoming years to the Varsity team for the Frosh and JV teams are the estuaries that in time nourish the Varisity team.

Varsity Dance Team

What a year it has been for the Liberty High School Dance Team. The squads this year have made it to seven competitions. The team not only has a traditional hip-hop squad but they are also starting a Jazz Dance Team. The squad has two different choreographers working with them. One teaches them the traditional routines and the other teaches them Jazz.

Shantel Johnson

Shantel Johnson is the first African-American dancer on the Liberty High School Frosh Dance Team. Shantel has been dancing since she was 13 years old. Before she was a Dance Team member of Liberty, she was a cheerleader for the Oakley Jaguar's. She was inspired to start dancing when she went to one of her brother's basketball games and saw the dancers' and cheerleaders' performing. She enjoys dancing because she feels it is a way for her to express herself, and she enjoys being able to be with her friends who enjoy dancing. Some things that she said that she has gained from it is, "Flexibility, Motivation, Effort, and Responsibility." Shantel describes danceing as, "Having fun!"

Teacher of the Year

Kandy Aldana honored

Liberty is a privileged school to have Mrs. Kandy Aldana as a teacher, teaching English, working on its campus. Mrs. Aldana has been working at Liberty for 10 years and is an esteemed member of the Liberty staff. She is the coordinator of the TLC Academy (Teaching and Learning Academy), and has made it her primary goal to foster the love of education that she has into her students who are a part of the TLC Academy. This last year Mrs. Aldana was chosen by her colleagues to be their representative as Liberty's Teacher of the Year. She was then pitted against Freedom and La Paloma Teachers of the Year to see who would be the district's representative to the county competition. Mrs. Aldana became the district's Teacher and went on to the county level, where she was one of the three finalists to represent the state. Mrs. Aldana did not get selected as Contra Costa County's Teacher of the Year, but in our hearts she is Teacher of the Year. Mrs. Aldana was named Educator of the Year by the California League of High Schools and represented Region 4. She was then selected to represent the entire state in this national competition. Mrs. Aldana has also been nominated and honored by Disney as a Teacher of the Year. If you have ever had Mrs. Aldana as an English teacher you will understand why she was chosen as the Teacher of the Year. Mrs. Aldana keep up the great work and at Liberty. You will always be Teacher of the Year to us!.

On December 27, 1985, our world changed forever. You are every parent's' dream child determined, ambitious, honest, intelligent and kind. These last 18 years have passed much too quickly. It has been a pleasure to be your parents. Even through your teenage years, a time most parents dread, you were a great kid to have around to have around. We have tried to enjoy every moment, knowing that some day soon you would be all grown up and own your own. Although you are off to college, always know that we are only a phone call away and there will always be a place for you in our home. Keep your faith in god.

Bria,

You have always done things in your own time and your own way. We knew from the moment you sprang into the world at birth (in the car) that you put the world on notice, here was a special individual. You have balanced your brains, beauty, and brawn to become the "perfect child" we knew you were. Whether it be a vulture around the goal, class officer, meet of Champions qualifier, or knock out of a prom date; you have made these all happen by hard work, gutsy determination, and a million dollar smile. Don't ever loose your wonder of life, and we will always and forever be buddies, sss...

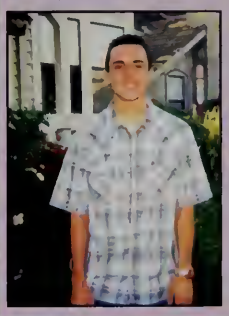
Bri,
I cannot adequately express the way I feel. The years went by much to quickly. You've had some real life "experiences" especially these past years and they have made you a stronger person. Always remember what really counts... your faith and your family. We hope for you a future that is all you want it to be. We love you, we will always be here for you, and you always have a home.
Love,
Dad, Mom, and Danny

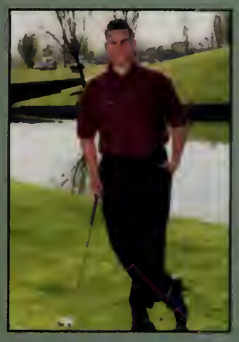
Josh,
You have brought so much laughter. Most do not know what a deep thinker you are, because all they see is your humor. We see both sides of you and know that it will take you a long way in life. Stay determined Joshua, keep your eye on the prize, stay independent of others thoughts and you grow and change always staying true too yourself. Love like there is no tomorrow. Remember it is better to light a candle then to curse the darkness. Remember you do not stop laughing because you grow old, you grow old because you stopped laughing. Baby keep laughing.
We will always love you.
Mommy, Dad, Jason, Chris, Ashley, Peaches, and Sinatra

Tony,
I would never had made it through this year without you by my side. We made it together, hopefully there will be many more years to follow. I Love You!
Love,
Robyn Elizabeth

She
She's my Angel
She's my love
She's so beautiful
She's so wonderful
She loves me
She's loved by me
She will always have me
She will always be loved
She . . . . is my Robyn
And I will always love her.
Love,
Anthony
Joseph

Tommy,
Through the years of sitting and watching you play baseball, from Junior Pinto to Varsity, to watching you receive your Black Belt in Karate, you have always been kind, generous, and caring and were never afraid to show it. You have become a fine young man and we know whatever you decide, Plastic Surgeon or not, you will be great at it because you have always strived to do your very best. We are very proud of you and Love you very much.
Love,
Mom, Dad, Alison, and Daniel

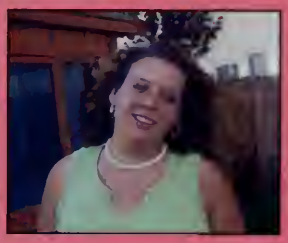




Kyle,
Time has gone by so fast. The little boy who made us laugh - has grown into a young man who we are very proud of. Follow you heart and your dreams and make each day special.

Love,
Mom & Dad

Whitney,
God blessed us with a beautiful child, inside and out, and we have loved every minute of the last seventeen years. Time has passed so quickly and we can't believe you are graduating from high school. We are very proud of the beautiful self - reliant woman you have become. I admire your ability to always see things in a positive way even in difficult times. I have looked to you for strength and your always there. We look forward to seeing wonderful things that you will do in this world with all of your talents.
We love you very much,
Dad, Mom, Jennifer, Caitlyn



Christian David Albano,
The best is yet to come.
We love you,
Mom, Dad, Aaron, & Peter

Good - Bye minor child
Hello Miss Kacey!!

L–Leslie you are now leaving
high school life behind–
E–Entering a new time
to begin your own design.
S–Set to make many choices
In a family and chosen career-
L–Leaving the everyday presence
with love from everyone now near.
I–In our lives, a new granddaughter
very special you have come to be-
E–Each of us wish for you all the best
in the wonderful future you will see.
Lots of love from–
MawMaw Bette and Pawpaw Tom

Like branches on a tree
We grow in different directions
Yet our roots remain the same
I'm proud ones Les Les
Alysha "Tal Bo"

It seems like only days ago
a stranger walked into my life.
Blue eyes filled with fear and doubt,
afraid to meet her father's "wife"

But then, to both of our surprise,
the walls just seemed to melt away.
Replaced by deepening bonds of trust
and love that brightened each new day.

And since that time I've often thought
and wished you mine so selfishly.
And dreamed the dreams most mothers do
that slip beyond reality.

If I could give you just one thing
to help you through the maze of years--
To find the path that suits you best
and keep you safe from hurts and fears.

It would be this...and this I'll say,
"In years to come, I hope you see
To take as yours the smallest bit
of all the joy you've given me."

For richness lies within the heart,
As true gifts do upon this earth..
So hold them dear, as I do you
As if you'd been my own, from birth...
Ms Cindy

".....Being grown up isn't half as fun as growing up. These are the best days of our lives. The only thing that matters is following your heart and eventually you'll finally get it right.
–The Alaris–
Leslie, never give up on what you believe in. Remember everything is always for a reason. CONGRATULATIONS, I love you...your sis.....Amy

Congratulations Leslie,
I am so proud of you for all of your
achievements throughout your school years.
As you head off into the rest of your life
I hope all of your dreams come true.
Reach for the stars and know that
you have all of our support in whatever
you choose to do. Always stay true to yourself.
I love you. "B"

If you always do
what you've always done,
You will always be
what you've always been.
Love you, Maw Maw

A special little girl God gave to me one day,
You were placed into my arms for me to lead your way.
The love I had for you right from the very start,
Has grown so much and now it completely fills my heart.
Our lives have had some laughter,
We've had our share of tears.
But God has given each their place,
With the passing of the years.
You stand before me now and it's hard to understand,
How God has turned my little girl into a fine young woman.
But this one thing remember as you open each new door,
That as much as I do love you, Leslie,
God still loves you more.
Daddy

LIFE is but a dream, Inside a dream.
Edgar Allen Poe
HOPE all your dreams come true.
Love, your brother

Derek

Who would have guessed that you would become one of the most complex, brilliant, loving, stubborn, yet sensitive people on earth. You have so much to look forward to and so many more people's lives to touch and be touched by. Graduating from high school is just one of the first of many adult milestones in store for you. We wish you all the best in the future and encourage you to follow your passions for there are many more successes ahead for you.

We love you very much!

Mom, Dad, and Janel

Congratulations Malcolm.
Love Mom, Rich, Keke, Ben Ursula, Lil Rich, and Richanti

Thank You Yearbook Staff

This has been a trying year with all new ideas, equipment, and leadership. We started off not knowing what each side wanted or expected and had a few ups and downs, but in the end we pulled together and created a great yearbook for all to enjoy. Everyone in the staff should be proud of the hard work and blood you have put into the completion of this yearbook. We learned much and now know what to alter and change for next year. Thank you for an outstanding year.

Mr. Cornwell

MORTGAGE MASTER

Master The Mortgage And The Money Is Easy

Congratulations to all graduates of Liberty High School Class 2004

You've just successfully completed 13 years of education. You now stand on the threshold of your future. College...Work...Military; no matter what path you chose, go forward with the confidence knowing that you are a WINNER!

Take with you the confidence of knowing that with a positive attitude in all situations, a well thought out plan, and the tenacity to stay on the course of your plan, you can accomplish any goal you set for yourself.
